Seeds

Good

Good

Traning time should be extend for better learning

Very good

Seed quality batter know by silviculture and forest nursery department, but we have to be success in plantation. Now there are all (Tender) contact system than how can be a success .

This type of classes should be done every year...

More practical classes should be done....

Need more practical session.

More practical session in field

No it's good

Oll is ritgh

Seeds

it s good to understand

it's Good to understand

,ঐ Training time should be extend, though we can get more knowledge on the topic .

Good

আবার নতুন কিছু শিকাইলে ভালো হয়তো

I want to know something new
