Good

Very good 😊

NA

Time management

No suggestions

More time required.

More such type work shop is needed after few days interval.

Very good training

All are good

Online communication should be more clarity in terms of technical part

Very good

\*explanation are good 👍

Mode of language should be in mother tongue for clear perception.

Training needed 6 month interval and representative of court must be invited during such season.

During VC, the sound was not clearly audible. In both the presentation related to WLPA & IFA, it could have been more attractive to us if few case studies with picture to be included.

Excellent

VC setup needs improvements

at least 1 day in 3 or 4 months

More practical knowledge needed & also different case studies & how to tackle different problem faced by field officers should be discussed more.

Very good

More training arrange as such so very helpful in our service life

It was a great learning experience

More of this type of training is needed. Thank you

In person presentation is more appreciated.

If possible forward PPT in w.app group.

It was a good learning experience

Nil

Such type one day work shop needed after few days interval

need another class

Very Good presentation

Next year

Excellent

Get material before, for study.

IFA details presentation

Need to increase No of Training frequently
